

For the twelfth year

Profertil signs the Sponsorship Agreement with the Bahía Blanca Regional Faculty of the Universidad Tecnológica Nacional.

Bahia Blanca, September 29th. Profertil will continue contributing to the activities of Culture, Outreach and Technological Liaison of the Bahía Blanca Regional Faculty of the UTN, through the **renewal of the Sponsorship Agreement**. This agreement was signed, completing 12 years of collaboration.

The signing took place at Profertil's facilities and was attended by the Dean of the UTN, Dr. Liberto Ercoli and Lic. Marcelo Bertolino, Institutional Relations Manager of Profertil. "The collaboration with the UTN is very important for our company: it generates links and opens possibilities for students, teachers, professionals and the community in general," said Bertolino.

As of this act, the company is part of the program "Padrinos UTN", which the university carries out under the motto education, technology, production and employment. The purpose of this sponsorship is to contribute to the activities carried out by the Technological University Extension Center (CEUT) of the UTN. In addition, it allows the acquisition of equipment. "We understand that permanent institutional relations are key in view of the complexity of the challenges we have to solve, which require the participation of consolidated interdisciplinary teams," said Ercoli.
